THE darkness deepens. Blood will shortly flow like water on the entire face of this earth and what we have known as civilization will be destroyed. I predict that before this article reaches you this country will have broken off relations with Japan, and I think this could have been avoided, but I am talking about what will happen now. The line-up of war-mad dictators who are attempting to drive the name of God from the face of the earth becomes quite plain. It is the exact line-up I gave my Students years ago: Russia, Japan, Italy and Germany.

No one can realize the horror, the suffering, the misery and the despair the British people are experiencing today, and there isn't very much they can do about it. We have seen France, Belgium, Denmark, Finland and many other free, peaceful countries mercilessly plundered, robbed and murdered as the bloody hand of the great dictators swept from these nations every last semblance of freedom, peace, and happiness. Now it is going to come a little closer to home. As a matter of fact, the ruthless hand of these murderers will be felt right here in our own land, and we shall not be able to successfully resist them.

By this I do not mean that these insane, anti-God dictators will eventually rule the earth. They will not. They will come to their end in a most unexpected manner. If I were asked to predict the length of time, I should say that this heart-rending period of sorrow over the whole world will last between three and four years. There will be a time of terrible sorrow. It will happen to us Americans as if there was no restraining influence at all. Millions will say, "There cannot be a God."

This nation has a population of 130,000,000. The last census discloses that there are only 55,000,000 names on the rolls of all religious organizations in America. Figures I

The Darkness Deepens

have given you before show that not one-third of that number ever attend or support these religious institutions. This gives us about 19,000,000 people out of 130,000,000 who actually attend some religious institution. This is 19,000,000, and the balance of 111,000,000 will be struck dumb with horror when the war unleashes its full fury in this hemisphere and it will undoubtedly do that.

Truly the darkness deepens over all civilization, and just as truly is this period of sorrow a clear indicator of what the future will bring. For 12 years now, this Movement has earnestly, desperately endeavored to bring to the world, especially the churches, the actual Truths of God. It is a self-evident fact that there is no religious organization in existence through which the Spirit of God can manifest on this earth. Nor is there one single religious organization with the exception of this Movement which is teaching men and women the actual Power and Truths of the Great Creator from whose finger tips rolled not only this planet but millions of other planets. I shall repeat here the charges I have made covering the past 12 years. I think every reader of this *Weekly* knows what those charges are. You know that I have repeatedly, for 12 years, made the statement, revolutionary though it may seem, that what religious organizations offer to us as being from God and of God is nothing of the sort. I have had to fight and battle and defend myself against the attacks of what we know as "orthodox theology," strongly entrenched politically. Yet in a very fearless manner, motivated only by a desire to bring the actual Truths of God

to this earth, this Movement has given everything it has to that cause.

As we see this day of horror shape up and as we see the attempt of great war-like leaders to destroy the works of God and drive the name of

God from the face of the earth, I trust it makes us all think. What this horror means has not been driven home to you here in America, yet the people are beginning to realize that this devastating thing, the abomination of dictatorships, is at our very doors; in fact, I repeat, American blood may be flowing before this article reaches you.

This period of horror and wholesale murder will disfigure the face of this earth. What we have known as civilization we shall no longer know as that. I wish to impress upon you with all the earnestness at my command and with all the Power the Spirit of God gives me that it is going to be necessary for every man and woman who actually believes that the Power of God still exists, to take a definite, positive and sacrificial stand for that Power. The religious philosophy of today is utterly useless in the coming days of tribulation. No god will return on the clouds of heaven to wage war on these dictators as some religions are teaching. There will be no supernatural help from "heaven."

There will be no supernatural being who will come floating down from the regions above to stop these war-mad men. No, there will be none of that.

There is just one thing which will bring Hitler and the rest of these ungodly despots to their doom, and that one thing is the Power of Right (God) over its opposite power (the power of wrong). There will be an actual demonstration of the Power of the Spirit of God in human lives, and every man and woman who believes in the present existence of the invisible Spirit which is God will

Exempting Religion

THE Southern California-Arizona Methodist conference by a vote of 255 to 115 has just adopted a resolution which reads in part: "That we discipline ourselves on the realization of world community and regard nobody as aliens, but everybody as brothers, so that, in the event of an invasion we can treat the invaders as brothers and not as enemies."

I may be wrong, but if you ask me, this comes pretty close to being fifth column activity. If Hitler's mad hordes were to invade Canada and then come on to this fair land, according to this resolution adopted by the Methodist conference, all Methodists are supposed to "treat the invaders as brothers and not as enemies." If I know what I am talking about, this means that we are to welcome the "brother" with open arms, feed him, give him money and help make him completely at home in the land he is invading. I do not see how you can read anything else into that resolution.

There are in this country now tens of thousands of dangerous German spies and saboteurs who would on the slightest acknowledgement from Hitler do everything in their power to wreck this government and its institutions. They would blow up our electric light plants. They would destroy our airplane factories. They would dynamite our ships. Yet according to this Methodist resolution these aliens are to be treated as brothers and not as enemies. I may not be reasoning correctly, but I think I am and I think such a resolution should be investigated by the Department of Justice.

It has been my pleasure to turn over to the federal government several people who, in their correspondence with me, have shown their pro-German sympathies. I hold in my hand at this moment a letter signed personally by John Edgar Hoover, director of the F. B. I., in which he thanks me for "your courtesy and interest in bringing this information to my attention. You may be assured that your letter is being made a matter of official record, for applied at-

tention."

This Movement has no use for any system of religion which attempts to make brothers out of German aliens or any other sort of alien who, under the direction of a war-mad dictator, would unhesitatingly wreck the last stronghold of freedom on the face of the earth.

I am at a loss to understand this attitude on the part of the Methodist church. Hitler is known to be absolutely opposed to God and is the greatest atheist the world has ever seen. Moreover, whenever he comes into power, churches and religion have to go. It is a fact that if Hitler were to attack and conquer this country the Methodist church would have no possible chance of existence, yet in this resolution the Methodists have gone on record as resolving that they regard nobody as alien, but everybody as brothers, so that in the event of an invasion "we can treat the invader as a brother and not as an enemy."

I have a suggestion to make here, which the Methodist church will not like. I am going to suggest that instead of passing resolutions asking the American people to treat marauding invaders as brothers that they turn all churches into recruiting stations. Why should a preacher or a priest or a student of divinity be exempt from conscription? As I say, Hitler is the common foe of all religions. He is the common foe of everything we hold dear in this country. He is the desecrator of churches and is the greatest atheist the world has ever known.

One would naturally think that the Methodist church would be the first organization to decide his downfall. I do not believe the United States is in any immediate danger and I do believe that a lot of war hysteria has been whipped up by politicians. There is, however, only one way to combat a man like Hitler, and bible waving is not the way. What it will take is a bigger war machine than he has, coupled with the Invisible Power which is God.

My older Students will remember

that some eight years ago I published an article in the Quarterly predicting exactly what is happening now. I suggested that this country have a standing army of 10,000,000 men. I suggested 100,000 bombing planes and a fleet of 10,000 submarines. If we had that armament now, we wouldn't care very much about Adolf. It is too bad that politics are being allowed to enter into this thing. I recall reading somewhere not long ago of a Methodist preacher who encouraged his fellow ministers "not to make recruiting offices out of their churches." Well, that is the very thing I would do.

If the Methodist church knew anything at all about the Power of the Spirit of God, my attitude would be entirely different, but the Methodist church does not know anything about that Power. If you ask the Methodist church for its definition of God, it will tell you that the only way you can find God is to believe that he was killed on a cross 2,000 years ago. It will tell you that "salvation" is not for this life, but is for another life somewhere beyond the tomb.

The church houses are closed from one week end to another, and it takes all the endurance one can muster to sit through a one-hour church service. So I suggest to the Methodists that instead of passing resolutions suggesting that they treat alien German hordes as brothers, they throw open their churches and make recruiting offices out of them, first joining the army themselves and then getting as many other men as they can get to defend not only democracy, but the right to worship God as our consciences dictate. In no other country but America is the free worship of the Deity allowed, according to any

Questions and Answers

Ques: When do you think man became a physical being? We are told he once was a spiritual being, but fell.

Ans: That's quite a question, isn't it? It would take too long to answer it here in this column. I will write an article on that subject soon. Man is still 99⁹/₁₀ per cent spiritual today. He was made "a little lower than the angels." A LITTLE lower. That "little" means that man has a physical body. When you progress into the science of the Spirit of God as you should, and probably will progress, you will know that what we call the physical body is a very small part of what we know as a man. It isn't in the picture at all when you really know the Realm of the Spirit of God, but man received a physical body in compliance with some Law of God. Everything in the physical and spiritual realms operates according to some LAW of God. You never saw the sun rise in the west, did you? Please look upon the REAL you as being the Spirit which is God, and your question about the physical body will answer itself.

Ques: When will the war in Europe end and who will win it?

Ans: I have repeatedly stated that I am not a fortune-teller nor can I look into some crystal ball and tell you anything you want to know. When the war in Europe ends depends entirely upon those who know the Power of the Spirit of God, and the degree with which they throw this Power against Hitler and Stalin. Do you know that about 750,000 pieces of literature are leaving this office, asking men and women of all denominations to join us in using the Power of the Spirit of God against these madmen? Not a single church in the country has responded. Not a single one of them seems to be in the slightest degree interested in stopping that war. But, hundreds of thousands of individuals are interested in stopping it, and are doing as we asked them to do. In the meantime the churches still continue to tell people that the Great Spirit of Almighty God, which created the heavens and the earth, was killed on a cross some 2,000 years ago. What senseless dogma is that? Let all these churches throw away that story. Let them find the Power of the Spirit of God in their own lives here and now, and this war won't last long, I assure you. Strange how those who prate the most about God are the most impotent to do anything about stopping the war—isn't it? One would think they would throw all the Power of the Spirit of God against these dictators. Perhaps they would if they knew of that Power.

Ques: When will the next National Convention be held and where?

Ans: Portland, Oregon, Masonic Temple. Date later.

Ques: Are the Pyramids of Egypt the oldest known buildings?

Ans: No. They are not even the oldest known pyramids. Those in Mexico are much older.

Ques: How old is the earth?

Ans: No one knows. Many millions of

years. Write the Denver School of Mines in your city for the approximate age as known to geology. I think it is about one and one-half billion years. Maybe it's millions—I forget. Too busy telling men and women about the Power of the Spirit of God in them to keep up.

Ques: When will your coast-to-coast lecture tour be?

Ans: Just as soon as we have the money. Would you like to help us? I understand that you could if you so desired. Won't you?

Ques: How were the Pyramids built?

Ans: The Egyptians were the greatest engineers in the world. They probably had machinery in those days better than we have now. It might have been an Egyptian P. W. A. project. They were not built by hand labor, certainly, but by engineers.

Ques: If the Golden Rule were lived up to, would man need anything else?

Ans: No.

Life's Highway

As I tread along life's highway,
My feet were swift and gay;
The path I trod, was filled with God's
Love and care, and His guiding rod.

The road of life I swiftly pass,
With joy I then, will bear my task,
I can; make that path, what I will;
For peace and plenty, God always
gives,

I then will tread that lonesome road,
Where God and my Soul are alone.
There, "He will shed light" as I am
told

On me, as I follow alone; alone; alone.

"God" give me grace and strength to
stand
Under thine own Almighty hand,
To follow thee, all through the way,
Until I come, to that perfect day.

man's conscience, including my own. Yet the Methodists would join hands with, "and treat as brothers," the hosts following the most inhuman monster this world has ever known. I do not know what better use these churches could be put to. They open one hour on Sunday morning and one hour on Sunday evening and are closed the rest of the week, so that they would make wonderful recruiting offices.

It seems to me that this resolution is on a level with another one adopted

last month by another Methodist convention forbidding any Methodist to have anything to do with "Psychiana."

Let me say in conclusion that this type of religion will never save this world. I think it is fifth column activity and I don't care very much whether the Methodist church likes that statement or not. What we know as church organizations today will have to pass completely out of the picture, with their pagan philosophies, before this world knows the Truths of the present existence of the Great Spirit which is God, and there is a vast difference between the "crucified god" of the Methodist church and the Invisible Spirit which millions of years ago began the drama of the ages and which is still continuing the drama, and which will continue it until man and God become acquainted with each other. The idea that the Great Spirit of Infinite Life, love, peace and justice was killed on any man's cross by anybody 2,000 years ago is hindering this world from finding God.

The Southern California and Arizona Methodist conference should be ashamed of that resolution and so should the Idaho Methodist conference be ashamed of their resolution, which it passed condemning this Teaching and forbidding any Methodist from having anything to do with it. Fortunately, Methodists pay very little attention to that resolution, for we still continue to enroll these good folk just as we always did.

"Psychiana" is a Movement of the Spirit of God on the earth, and the aim of this Magazine is to assist "Psychiana" in making the Spirit of God a vital living Power in the lives of our fellow-men. The Movement is non-denominational. Its Members comprise adherents to every faith in the world. It wants to help them all. We have no "articles of faith" nor do we have creeds or rituals. We know man exists, and we know the Spirit of God exists. We know man can know the Power of the Spirit of God while on this earth and through this Movement God is being made a Living Reality to men and women of every race and creed all over the world.

Whenever it is necessary, this Magazine speaks very plainly. Many traditions of "orthodoxy" are shown for what they really are. Whenever we find ancient myth and superstition masquerading as being of the Spirit of God, we bring the facts to the world, kindly but forcefully. We believe the Power of the Spirit of God is abundantly able to step into this desperate and discouraging world picture, and bring a permanent peace. To this end we are striving, and as the Spirit of God reveals Itself to us, we reveal It to others without fear.

Members of every church are cordially invited to come and find and use the Power of the Spirit of God with us. An infinite love for all is the motivating Power of this entire Movement. Through this Movement the Spirit of God is making Its presence known on earth.

have to take that Spirit and that Power and definitely use it against these forces which have and are still ruthlessly laying waste a beautiful world and are doing it only that they may take the authority of this world from off the shoulders of God and put it on their own.

Many bibles of many religions have predicted a great day or Armageddon. That day is here, but it will not be brought in through the return of any one of the world's score of crucified gods coming out of the skies to battle with these dictators. This day of freedom and liberation will be brought in through some organization which teaches and recognizes the fact that instead of the Great Creator of this universe being separated from us all, having an abode somewhere in the sky, the Power that created this earth still lives in us. That is what every religion will have to teach. That is what this Movement has constantly taught and fought for for 12 years. This is contrary to what

every other system of religion teaches. But all these failing systems of religion cannot throw light on the darkness which is deepening. They made the mistake of saying, "Our Father which art in heaven." What they should have said is, "Our Father which lives in us." Had they done that and had they taught that each one of them should be conscious of the Power of the great Spirit of God in each one of them, and knowing its presence, they could and should have thrown it against these human monstrosities a long time ago. But it was not known, neither was it taught.

We are living in the greatest crisis this world has ever known. It will mean the complete overthrow of formalistic, ritualistic religion which is man-made in its essence, and it will stress the real place of these impotent theories by the actual Power and presence of God in human lives. These forces of wrong are manifesting on this earth. The power behind those forces actually exists in these men, Hitler, Mussolini, Stalin and the Japs. It is a matter of common sense then that the Power which can overthrow these forces of destruction also exists in men and women here and now. It is on this earth that suffering is being done and it is on this earth whole nations are being destroyed. It is on this earth that blood is flowing like water; therefore, it is on this earth that the Spirit of God will have to be made known and this Power still exists in the lives of everyone who recognizes that fact.

I feel very much my helplessness this morning. In fact, I never felt so helpless before, speaking physically. But I do recognize the fact that this Movement was brought into existence for just this emergency we are going through, and, knowing this, and knowing the existence of the Power of the Spirit of God, I face the future just stepping out from day to day as I am led to do. Why someone else could not have been chosen for this work I don't know. I think probably God in His infinite wisdom knows the answer to that, and recognizing that fact, I am glad to continue to tell men and women that the Power of the present existing Spirit of God on this earth in human lives can and will manifest Itself just as soon as old-

fashioned, untrue, pagan ideas of Almighty God are cast to one side.

There is no religious organization on the face of the earth today, with the exception of this Movement, which has the correct picture of God. Because these religious organizations have not seen the true picture, they have been and still are utterly helpless to do one thing to stem the tide of horror which will shortly sweep over this fair land as it has swept over Europe and Asia.

Twenty million helpless Chinese to date have been machine-gunned to death by an empire which states that it is sent to the earth by God to bring in a higher civilization. It is an interesting fact to know that every dictator in existence believes he has a mandate from God and a mandate from the people.

The darkness deepens. Just how dark it will get I don't know. I do know that life will not be worth living on any part of this universe until men and women lay to one side the man-made theory of God, and recognize the Power of the Spirit of God on this earth and in them. It will not be enough simply to assent to the existence of the Spirit of God on this earth. There will have to be a definite, positive, intelligent throwing of this Power against its very opposite power. Right always triumphs over wrong, although it may not seem to at the time. This horrible siege of wholesale murder which we are witnessing is in itself pitiable and outrageous to think about, yet it is just as natural in the evolution of time as is the falling of a leaf to the ground.

God has been brought in different

From the Boston Transcript:
"Among real Democrats, of whom there are many millions in this country, there will be mourning rather than rejoicing at the nomination of President Roosevelt on a third term. He is the first President in the history of the nation to receive this doubtful distinction, which he professed he did not want and did everything to achieve. But in the achievement he has done irreparable damage to the Democratic party."

"In 1896 the Democratic national convention, which then also met in Chicago, prophetically warned that it was 'the unwritten law of this republic, established by the unbroken custom and usage of more than a century and sanction by the examples of the greatest and wisest of those who founded and have maintained our government, that no man shall be eligible for a third term of the presidential office.'

"This principle, which the Democratic party once so wisely expounded, it has now repudiated to renominate a President who has already clothed himself with extraordinary executive powers during the seven

and a half years he has been in the White House. Thus, at a time when the United States remains the last stronghold of democratic government, the Democratic party has cast away one of the greatest safeguards against the concentration of power—the most dangerous threat to the process of free government.

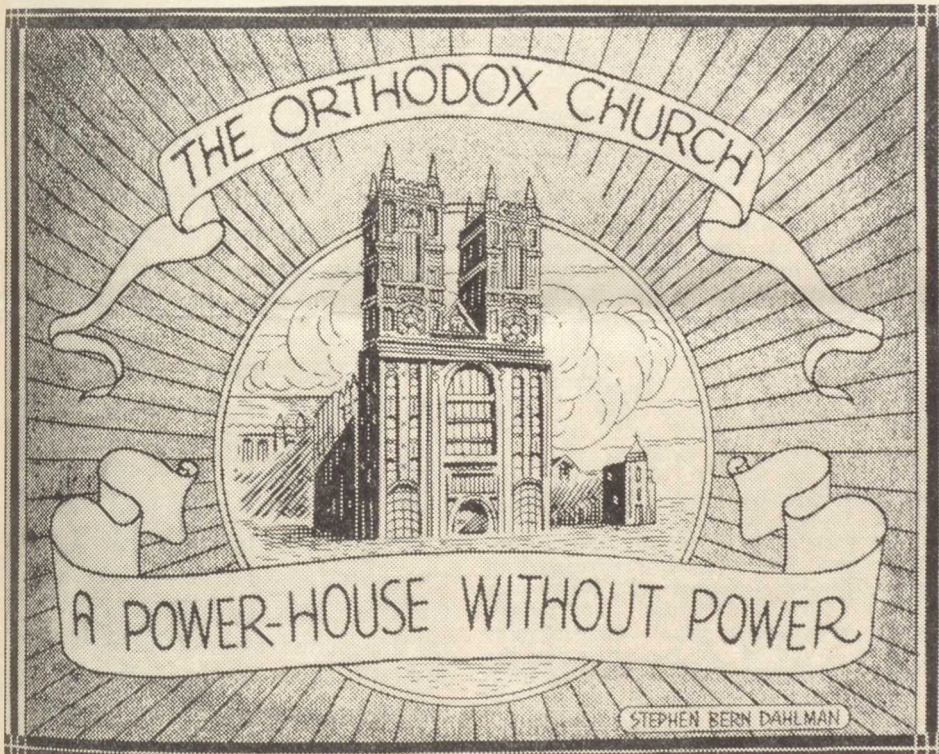

"The manner in which Mr. Roosevelt obtained the first nomination for a third term that has ever been given to any President of the United States marks a new high in political hypocrisy."

Our Poll

This week we give you a second report on the "Psychiana" Poll. When the first ballots began to come in, the ratio was 2 to 1 for Wendell Willkie. That is how the readers of this Weekly felt about it as their marked ballots indicated. Now, one week later, the proportion has increased to 2¼ to 1 in favor of Mr. Willkie. Exactly 2¼ times as many ballots have been marked for Mr. Willkie as were marked for Mr. Roosevelt.

Time is the most undefinable yet paradoxical of things; the past is gone, the future is not come, and the present becomes the past, even while we attempt to define it, and, like the flash of the lightning, at once exists and expires.—Colton.

A TRUE PICTURE

Dr. Frank B. Robinson,
Moscow, Idaho.

Dear Dr. Robinson:

Enclosed herewith you will find the first of a series of 10 illustrations, on which I am working. I sincerely hope you like this one and I promise you that I am "putting all I've got" into all "PSYCHIANA" drawings . . . it may interest you to know that it is positively AMAZING how my thoughts and hand are guided in turning out this work.

I consciously recognize that the source of whatever art ability is mine, comes directly from the GOD-REALM in me . . . and then I go ahead . . . my hand seems propelled by a hidden force and as each idea flashes across my consciousness it is immediately set upon the paper.

I am as positively convinced that Divine Inspiration helped me build this present sketch as I am of my own life . . . you may well imagine what a joy it is to produce these . . . each one is a new adventure!

You may expect more soon and please continue to think of me in your GOD-INSPIRED thoughts.

With Our... Students

Here is a letter which comes from a Student living on Jefferson Ave., in Toledo, Ohio. It proves that the invisible Power of the great God-Law is available for every conceivable circumstance which tends to bring to us all happiness. It is absolutely impossible to reproduce all the letters we receive, so I just pick a few out as they come in and show them to you. Here is what this gentleman from Toledo has to say:

"About two years ago I enrolled as a Student of 'PSYCHIANA.' At that time my wife and I were divorced. We are now united again and are quite happy in our home with our five-year-old daughter. Mrs. N. will graduate June 9 from regular high school—quite an achievement at the age of 34.

"Health, happiness and success, all have been quite bountiful. A firm believer is Mrs. N. in 'PSYCHIANA' and it has helped her extensively."

We receive hundreds of letters from Students who have been divided and about the first thing they do when they find the Power of the God-Realm is to go back to their divorced husband or wife. Any religion that can do that is worth having if it never does anything else than that. Too many religions today are the cause of divorce and not the remedy.

This letter comes from a lady Student who lives on Levick street in Philadelphia, Penn. She says:

"I want to tell you that everything is so much brighter for us that it seems like a different world. Conditions are slowly but surely changing."

Whenever a man or woman catches a true conception of God everything is different. If there has been poverty in the home the Power of God brings an abundant supply. If there has been illness in the home the Power of God brings perfect health. No matter what the disharmony may be, a proper conception of the existence of the invisible Power of God living in each one of us straightens everything out.

The next letter comes from Sheffield, Alabama, from a Student who lives on Atlanta Ave. This lady, who is a voice and piano teacher, says:

"My physical condition has greatly improved. The ailments have almost entirely disappeared. It is only now and then, when I am very tired or after some great excitement, that the cough comes back for a short spasm. Thank you so much for your help and I will show you my appreciation in a more material form as soon as I am able to do so."

This lady sends along a beautiful poem and I have earmarked this poem for publication in this magazine. I am always glad to receive little poems from our readers and when they are of sufficient public interest they will be published sooner or later.

The next letter comes from a Student in the Veterans' Hospital at Lyons, N. J. It goes to show just one other phase of the activities of the Spirit of God in a man's life when that Spirit is recognized and applied. There are no limitations whatsoever to this Invisible Power, therefore I ask every reader of this Weekly to recognize God in the only place where

God may be found, and that is in YOU. Here is what this Student says:

"After drinking very hard of every kind of liquor for the greater part of my life I have finally licked the 'Demon Rum' through this Teaching of Dr. Robinson and I am feeling like a new man physically, mentally and spiritually. Thank you for showing me how to find God and his guiding presence in me."

Now we go to Billings, Mont., and there we find Student No. 12-262, and this is what this lady says:

"I want to express my words of gratitude to you for paying the way for me that I might enjoy life to the full, spiritually and physically. I thank you with all my heart and may you live long that humanity might be benefitted by your Teaching. God bless you, Dr. Robinson."

It will be noticed here that we have recently run into several letters in which Students have stated that they have achieved financial success through the Power of the great God-Realm in the world. This, of course, is opposed to everything the churches teach. The Christian religion gives the impression that we must live in poverty giving one-tenth of everything we make to the church, and that at some future time, in some other life, if our names are found written in the "Big Book," we shall have an abundance of everything. I prefer a religion which has power enough to bring an abundance of everything here and now, when it is needed most and when we can enjoy it most. This business of looking for God above the sky, at some future time, may be all right as a soothing syrup when one is about to die, but if that is the best conception of God the churches have then they had better forget it and trade it for a God who exists here and now, and whose power all men know without believing any single thing any church teaches.

We go now to Guthrie, Oklahoma, and there we find a Student by the name of Johnson. Listen to what Mrs. Johnson says and then realize that this experience is for every living soul regardless of church affiliation and even without church affiliation. This lady does not believe that the great Creator of the universe was ever crucified on the cross for the sins of the world. When that foolish caricature of God is pushed out of the picture, then the whole world will know the actual presence of the great Spirit of God who could not possibly have been crucified on a cross because God as Spirit never appeared on this earth as a man. The truth of the matter is that this great Spirit which is God lives in all men and women and the secret of happiness and success lies in the recognition of that fact. Here is what Mrs. Johnson says:

"I believe in the Power of the Living God and now the power is beginning to flow through my body as I silently talk to God. What a grand experience it is. I am so grateful to you, Dr. Robinson, for your help in bringing these wonderful truths to me."

(Continued next week)

Our lives are either spent in doing nothing at all, or in doing nothing to the purpose, or in doing nothing that we ought to do. We are always complaining that our days are few, and acting as though there would be no end to them.—Seneca.

A Revealing Report

"Fortune magazine, which has been working on a forum of business executive opinion for two years, makes its first report in its current issue.

"A striking thing about this report is the fact that divisions in business opinion parallel divisions among other groups in society, differing in proportion on some questions, it is true, but conforming in others. And this shows that it is possible, with understanding leadership, to promote that 'companionship of industry,' embracing management, labor and the public, which Mr. Willkie promises to strive for in place of class antagonisms so assiduously incited during the last eight years.

"Another impressive fact about the forum report is the revelation that business does not condemn the New Deal blindly; that it discriminates as others do between its advances and its failures; that a great majority approve of its social reforms, while rejecting its actions aimed toward economic recovery.

"But regardless of whether they approve or disapprove the New Deal domestic policies, the report shows that in the conduct of foreign policy business management, by a majority of five to one, believes that Mr. Willkie could handle those relations better than Mr. Roosevelt, and they believe, in the proportion of 14 to one, that Mr. Willkie could do a better job on preparedness and industrial mobilization for war than Mr. Roosevelt."

School Religion

RENEWED efforts to establish a week-day religious school in Seattle with the cooperation of public schools were launched yesterday as a highlight of the opening business session of the annual meeting of the Washington Council of Churches and Christian Education.

Long sought by the organization, which represents seventeen denominations, the school would be non-sectarian, according to the Rev. Wilbur M. Snyder, state chairman of the week-day school committee.

The proposed plan would permit students being given one hour per week from regular classes, on request of parents, to attend a religious school conducted in a church, the clergyman explained.

Whether the school would be conducted more than one day per week would depend entirely on the number desiring to attend, he said. Teachers would be equivalent to those of public school, plus having religious educational training, he said.

The Rev. Mr. Snyder pointed out that such schools are being conducted in several parts of the Northwest, including Spokane and Portland, and expressed hope that a Seattle school may be established by the start of the last quarter of the current term.

In his presidential message to the 200 or more delegates and visitors, the Rev. Stanley E. Logan sounded the warning that "the stupendous changes in progress around the world is a challenge to Christianity—a challenge that must be met by a united front and ardent cooperation."

"For us to think that there is nothing Christian forces can do to help improve conditions or to act as if the problems are too difficult for Christian solution would certainly be denying the faith that we profess," he declared.

The Rev. Mr. Logan also called for more loyalty and closer cooperation of ministers and laymen in the work of the council as well as in their own communities.

I was greatly interested when I read of the meeting and the attempts of the Washington Council of Church-

es to establish a religious class in the schools of the state. Personally, I think they had better forget it. At least as long as they teach the type of religion they are teaching today. It's rather late in the game for these good men to attempt to put their theories of God to the actual test, for it will take a far stronger Power than they possess to do anything to straighten out present world conditions.

For 2,000 years, the theory of God as believed in and taught by the Washington Council of Churches has been given to the world, and, with due respect to the Rev. Mr. Logan, I suggest that if, in 2,000 years, the story could accomplish nothing, how can it be expected to begin now?

Mr. Logan, there is *nothing*, absolutely *nothing* Christian forces can do to stem the tide of atheism which has settled like a pall over civilization. There is nothing whatsoever you can do, just as long as you believe and teach that God—the Great Creator of this universe—was killed dead on a cross 2,000 years ago. Yours is but one of eleven major systems of religion, Mr. Logan. They cannot all be true, and how can you insist that *your system* alone is true, when most of the others had a similar story to the one with which you come to the world—and they all failed?

Mr. Logan, may I make a suggestion to you? Instead of trying to get one hour a week to put your theory of God in the schools of the State of Washington, why not, in your own church, begin to teach the Power of the Spirit of God? That can save this world. *That Spirit* is but waiting for men and women to acknowledge its Power. But the story of Jesus Christ you are preaching can never do one single thing for humanity. It never has—it never can—it never will. The story is not true. It is a copy of the story of Jeseus Chrishna of India—he who was born of a virgin on December 25th fourteen hundred years before Christ—he whose mother's name was Mary—he who was crucified on a cross for the sins of the world—he who rose from the dead, etc., etc., etc.

So, Mr. Logan, let us not look to the past for our religious inspiration; rather let us anticipate God a bit. Let us throw away these "pagan" ideas of

God killed on a cross, and let us get acquainted with the great Power of the Great Spirit of God. That will take in the schools of the State of Washington. The story of Jesus Christ as God, never will.

Cured by Accident

One day a young doctor in a small Swiss town, called to examine a sick child, diagnosed a trivial throat complaint, and prescribed a dose of potassium chlorate.

The diagnosis was wrong. In a few days the symptoms of infantile paralysis appeared. But the doctor, whose name was Contat, noted that the dose of potassium chlorate, although very small, had definitely retarded the onset of the disease. There was an epidemic of infantile paralysis in Switzerland at the time, and he was able to try his treatment on a large number of cases simultaneously. Thirty-three children treated by Dr. Contat with potassium chlorate recovered, while almost every other case then under examination in Swiss hospitals resulted in the death or paralysis of the patient.

Backed by Dr. Debat, a French physician, Dr. Contat then experimented under varying conditions on a large number of monkeys, which were inoculated with the microbe of infantile paralysis and subsequently treated with potassium chlorate. All the monkeys so treated recovered, and have remained perfectly healthy ever since. If the method passes the rest of its tests as successfully, the discovery of Drs. Contat and Debat must be hailed as a medical achievement of first-class importance.—Jean Bonnin in *Je Sais Tout* (Paris).

The Nomination

From the Chicago Tribune: "For the first time in the history of the United States, and at the most dangerous time in which it could be done, an American party has nominated a man for a third consecutive term in the presidency.

"This man, in his second term, undertook to make the supreme court a ratifying board for his decrees.

"When congress, to his astonishment, defeated him in his purpose, he resolved that his supremacy should be reestablished by the ejection of the congressional rebels who had opposed him. He undertook his great purge and failed again. His idea of government was revealed in his second term. Now he is the man to whom the Democratic convention has submitted and for whom it has broken the rule which has kept the presidency from being available to the ambitions of any willful man who wanted prolonged tenure.

"The convention did this for this willful man at a time when people in many lands are losing their freedom and being governed as disfranchised subjects of autocratic power, without the vote, without representative assemblies and without independent judges.

"The party which has presented the nation with this shameless historic episode is the party which says that the military forces of oppression are preparing to descend on these shores. It is the war party which has supported in Washington a policy of intervention in the world conflict to save democracy in other lands."

The Darkness Deepens

(Continued from page 4)

forms to the human race. The organizations which, although they are the finest organizations in the world today, have been unable to see the sim-

plicity of the Power of God. They have insisted on unnatural, pagan myths. Following older traditions, they have given us the crucifixion of a god. They have taught the heathen philosophy that when the Creator made man he made a mess of it and had to do the job over again by drowning His creation off the face of the earth. They have come to us and told us that we are "born in sin and shapen in iniquity." They have told us that we shall be judged after death somewhere in the sky before a great white throne.

Such teachings as these never have given us the fullness of God, yet they are all religion has had to offer this world to date. In the face of present world crises, however, you know and I know that a greater Power than the military might of the dictators must manifest or we shall all go down to destruction under the iron heels, and the name of God Almighty the Creator of this universe will be driven out of the picture.

I assure you that this will not happen. I also warn you of what lies immediately ahead. I think the time is ripe for the churches to take a definite and positive stand for God. They have been taking that stand for some time on the philosophy they do have, and we can see the utter impotence of it all. The only weapon the church has is what it calls "prayer." That weapon is not powerful enough. It will have to be exchanged for a more potent weapon. Praying to a god in the sky will have to be exchanged for a demonstration of the Power of the Spirit of God on this earth, and there is no religious sect in the world today which can make that demonstration. In order to demonstrate the Power of God it is necessary to fully and completely understand where that Power is and how it operates. This is what we of "Psychiana" are teaching all who will learn.

As far as this Movement is concerned in these turbulent times, you may depend upon it we shall fight for God just as long as we are able to. This Movement needs the assistance of every Member. It needs the assistance of those who read this *Weekly* and who are not Members. What it needs most is financial assistance.

It may be that your money won't be very much good to you six months from today; for unless a change in our thinking and in our conception of God is brought about, we shall be powerless to resist the combination of dictators which will line up in the very near future, if it has not lined up already.

Days of horror lie just ahead. The darkness deepens. I am once more urging Members of this organization who read this *Weekly* to do everything in their power to provide us with sufficient finances to bring this Movement into the middle of the world picture. There is no dictator or combination of dictators which can stand up against the Power of the Spirit of God. It is necessary, however, that those of us to whom God has given the vision of this Power make it known to the world as quickly as we possibly can.

Recently I sent you an appeal and challenge from one of our Students. If you have not yet responded, please do, because if this Movement cannot be adequately financed as it should be—well, every day holds me back. This is the last time I shall mention finances in this magazine. I want you to realize that dangerous days are ahead. I want you to realize further that your money or your business will be valueless if we fall before the dictators. I want you to also realize that there is no Power on the face of this earth which can restore peace, happiness, joy and justice outside of the great Spirit of God.

We are bringing knowledge of that to this earth. If you read this magazine, it seems to me there is an obligation there. However, I leave that with you, be you millionaire or peasant. I want nothing for myself. I want money to call the attention of the whole United States to the Power of the Spirit of God, which is behind this Movement. If I can do that, the churches will see what I am driving at and a union of them all can be brought about. When that happens, and when they know something of the Power of the Spirit of God, that will be the time and place when Hitler and the rest of his ilk will have to bow down before the superior Power of the Spirit of God. Please do your part if you will, and do it now.
